

## MyPsych Board

### My Psych Board Online Tutoring Services

Tutoring Services for ABPN, PRITE, USMLE, and NP board exam test preparation

Access to topics such as:

- Anxiety Disorders
- Bipolar Disorders
- Impulse and Conduct Disorders
- Depressive Disorders
- Dissociative Disorders
- Feeding and Eating Disorders
- Neurocognitive Disorders
- Neurodevelopmental Disorders
- Obsessive Compulsive Disorders
- Personality Disorders
- Psychotic and Schizophrenia spectrum Disorders
- Sleep Disorders
- Somatic Disorders
- Substance use and Addictive Disorders
- Trauma Disorders
- Neurology
- Psychopharmacology
- And more!

Access to these question banks include hundreds of multiple-choice questions structured similarly to questions found on the board exams including multiset vignettes and clinical video vignettes.

- Use Practice Mode to go through exams and questions at your own pace and receive immediate feedback on answers with in-depth explanations
- Use Test Mode to learn pacing and get comfortable with time management during the boards
- Gain confidence and become familiar with the layout and contents of the certifying exams with vignette training
- Utilize one-on-one strategizing for study, test preparation, and concept clarification

This program offers access to unique courses and questions to prepare residents and medical students for their certifying exams. Each question is specifically tailored to the required difficulty and type of questions expected for their respective examination. New questions are continually being added to the question banks, ensuring the most current and up to date information is being made available.

Individualized tutoring is offered to maximize user support; we meet with you to discuss your studying strategies, identify your goals, and target the area of study that you need the most improvement in. Finally, a tailored study plan is created to help you achieve your goals!
